## *Principal's Notes:*

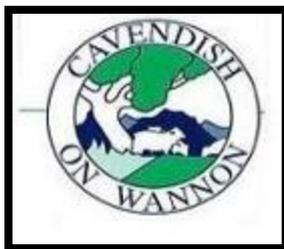

Dear parents and friends,

We welcomed back our eight Somers campers yesterday. They were all looking quite weary but full of stories about their adventures and the amazing activities they completed during their nine days away.

We were pleased to have Dunkeld Consolidated School visit us this morning. They arrived at recess time and enjoyed exploring the playground and meeting the Cavendish children. It was lovely to have the McShane children back with us for a while. They were able to share their favourite playground games with their new school friends. After play, all the children went to the stadium to see a performance of BMX tricks by Scott. He has performed with Circus Oz and showed his skills by jumping and leaping and spinning up and down our stadium. It was a great show to have as an end of term treat. He even included Tasha in his finale stunt!

It is with great sadness that I announce that Vicki Salter, our cleaner, will no longer be continuing in her role. Vicki has been our cleaner since 2011, and she puts her heart and soul into the job. We have been very fortunate to have Vicki as our cleaner and friend. She takes great pride in her work and always wants to leave the school looking its best. She goes well beyond the usual expectations with her role. We understand why Vicki is leaving the role, as she has new work opportunities and has had a health scare. We thank her sincerely for time in our school and wish her all the best for her future endeavours.

11	12	13	14	15	16	17
18	19	20	21	22 Book Week Dress Up Day	23	24
25	26	27	28	29	30	31

I received a visit from our two bus operators on Wednesday to inform me of a change in ownership commencing next term. Both buses will now be operated by Jon Herrmann. The routes and schedules will remain unaltered.

We have booked a date with our regular school photographer for Friday, 26th July. Photo envelopes will be sent home to all families on the first day of next term. These will list all the available photo packages available. It is important these are returned to school prior to the photo day. We shall require all students to wear their formal winter uniforms for photo day.

We have been delighted to have Erin Glenn in our school this week. Erin has worked in all classrooms and we have tried to provide a taste of life in a school from a teacher's perspective. She has worked

alongside all the children and undertaken all tasks willingly and obligingly. We hope Erin has enjoyed her return to her old school and her work experience has helped her with future career decisions. We wish her every success with the remainder of her studies in Year 10 at Baimbridge.

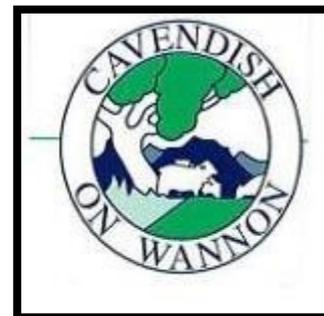

Congratulations to Mia who was awarded a music scholarship from Baimbridge College. Mia completed a written application and then presented herself (and her work) in an interview situation. Well done, Mia. This is a recognition of your hard work and application.

Congratulations to our Parents' Club president, Trish, who notches up 400 games of netball with Cavendish this weekend. An amazing feat!

The end of term 2 is always one which produces a sigh of relief. The term is a very busy one, and marks the halfway mark of the children's school year. We haven't suffered too many bugs and colds (touch wood) but a break for the children will allow them to recharge and to be ready for term 3.

Have a great two weeks with your children.

Anthony Hill

Imogen Thomas - always working to her maximum

**Well done to all our students who have passed Fry's spelling levels and coloured word lists**

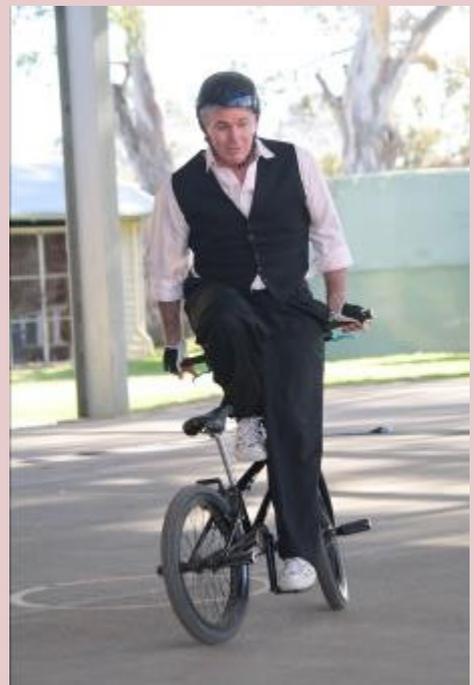

## Notices distributed at school this week:

- Student Reports

***School Mission Statement: Cavendish Primary School provides a warm, friendly and caring environment that enhances and challenges learning, personal growth and well-being of students. The school has high expectations for staff and students and aims to create a stimulating and supportive environment for all its students to excel in their learning and personal growth.***

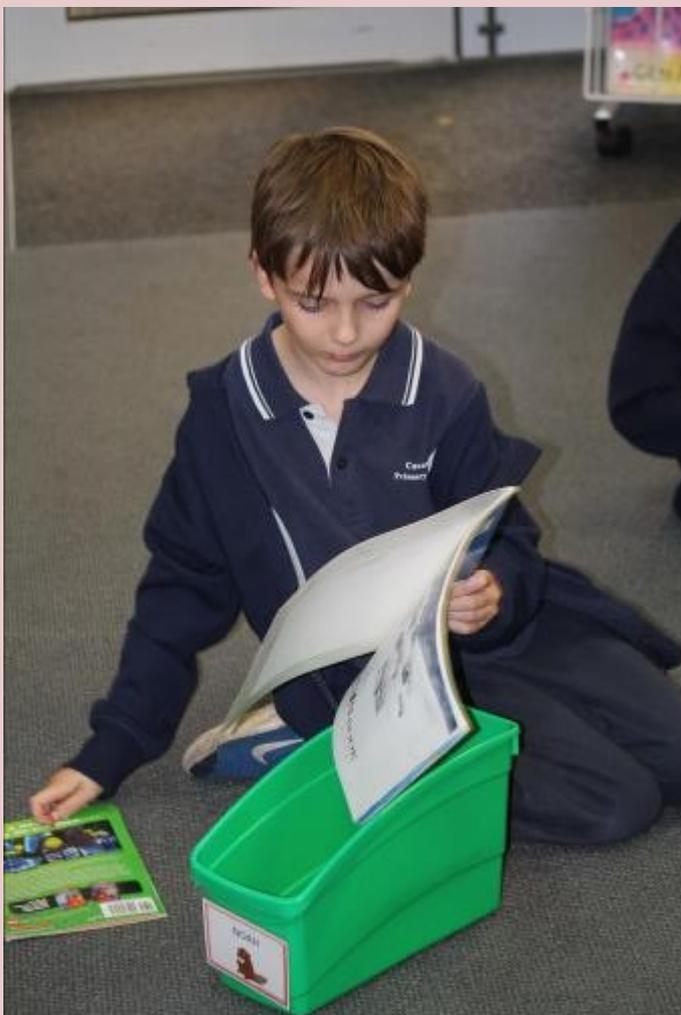

# Scott's *BMX Show*

Our weekly blitz is:

# Building & Boosting

We can show this by:

- *Greeting people warmly*
- *Using their names*
- *Giving compliments*
- *Giving praise and encouragement*
- *Including everyone*
- *Looking for the positives*

***Junior science.*** *This week the children learnt about solids and liquids. They made a substance from cornflour and water that acted differently depending upon the force applied.*

It was great to be able to enjoy the sunshine, especially when using cornflour and water!  
“It is like quicksand!”

# Somers camp 2019

The best thing was the Challenge Swing. It is where you go 18m in the air and then pull a tab and then go swinging down. I went to the very top. The first time you did it you were in shock but you got used to it. Mia

My biggest challenge was making friends. By the end of camp all my hut mates were my friends. Heath

My biggest challenge was when I was boating. The creek mouth opened up to the ocean. It was difficult to paddle to shore. We had to tie up and wait for help because the current was too strong. It took an extra twenty minutes. I learnt how to row a boat. Caitlyn

I went on the 12m abseiling wall. It was scary for me because I am not good with heights. But I did it and got over my fear. I felt good about it when I had done it. Logan

The best thing for me was the Flying Fox. This was where you get harnessed and climb a high tower. You hook up and launch off the platform. You feel like you are flying. At the start I thought I wouldn't be able to do it but I did! Holly

The best thing about Somers for me was the challenge Swing because I was nervous about it but I went straight to the top. When I pulled the tab it didn't feel like I was swinging it felt like I was falling to the ground. Then I hit the middle and started swing. I felt really happy that I didn't fall. Somers was amazing! Lincon

My favourite part of Somers camp was when I tried the hardest part of the high ropes course. It started off difficult but it started to get easy because I became more confident. When we did the log section it felt like I was going to fall but I was okay because I was harnessed to a safety line. Somers camp was the best time of my life! Samantha

# Senior Art

# Life Education

Early next term, on Wednesday 24th July, the school will receive a visit from the Life Education van. We book this visit every second year. The van is staffed by a qualified teacher. She takes lessons with each class and these themes are continued in classes after the van leaves. The aim of Life Ed is to improve the students' knowledge of themselves, their body systems, their knowledge of nutrition, and their understanding of drugs. These lessons are pitched at a level appropriate to the children and meet the curriculum guidelines. There are a number of modules offered each visit and our selected lessons for this year are shown below. There will be a thirty minute parents' session offered at the start of the day when the van visits in July.

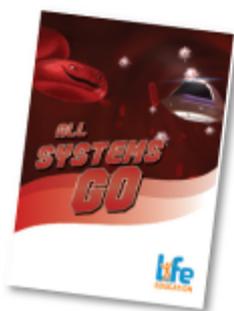

## HAROLD'S FRIENDSHIP

Foundation / Year 1

After building a model spaceship at school, Harold and his friends, Boots and Red venture into an imaginary world in outer space. As the adventure unfolds children explore:

- how to build friendships and care for others
- feelings and emotions
- safe and unsafe situations and early warning signs
- safe places and people to turn to for help

## ALL SYSTEMS GO

Years 2 - 4

Inside a futuristic machine 'The Venture', the Captain and his crew take the class on a tour of the human body. Travelling through the blood, the class explore and discover how magnificent the human body really is. They learn the functions of various body parts and the actions required to keep these systems working well.

- factors that influence the function of body systems such as exercise and drugs
- exploring ways to manage peer pressure
- the effects of second hand smoke
- the function of vital organs [heart, lungs, brain, kidneys]
- healthy food choices

## ON THE CASE

Years 5 - 6

Join Mac McHardy, a time travelling detective, and his sidekick 'Conan' as they gather evidence to persuade McHardy's great, great granddaughter not to take up smoking. Set in a fantasy world of futuristic steam powered machines, students travel through time, collaborate and explore:

- what's in a cigarette
- effects of smoking
- history and laws
- myths and facts
- influences and pressures
- strategies to reduce harm

Empowering our children and young people to make safer and healthier choices through education.

## Parent Information Sessions

### *Why should I attend?*

- Learn about the Life Education experience in the Mobile Learning Centre
- Meet our trained health Educator
- Engage in the learning content of our programs
- Understand the importance of Life Education and our vision through education
- Understand our program outcomes and the alignment to the Australian Curriculum
- Open communication opportunities with your child in relation to their experience with Life Education
- Meet Healthy Harold
